

What is canplan™ ?

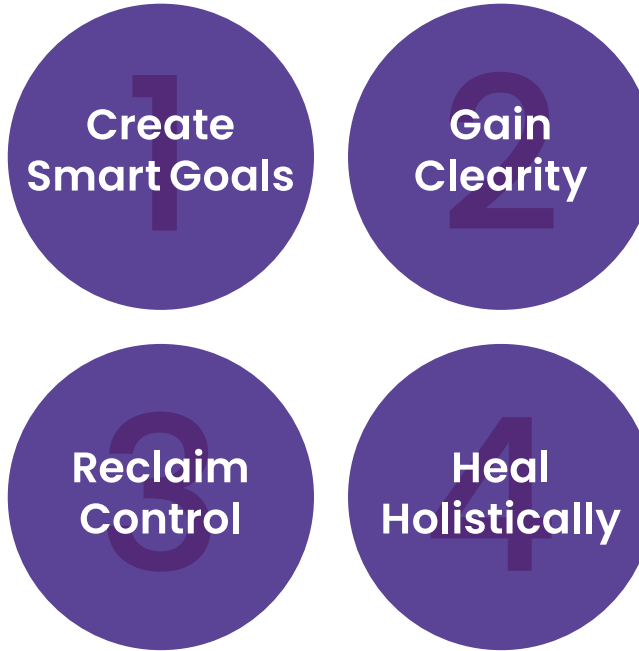

CanPlan is a one of a kind planner made to help patients and caregivers fight cancer day by day. It provides tools to help you stay in control of your journey through active planning, tracking, and analyzing.

It's a planner, organizer, motivator, coach, and therapist all in one portable binder.

Pinpoints where you are in your cancer journey so you can brainstorm action steps to reach your goals.

Go from "Surviving" to "Thriving"

Customer Testimonials

“ I think oncologists should give this amazing planner to all their patients when they are first diagnosed. It has EVERYTHING to help document every step of the journey in a way that's easy to understand. ”

Karen Welding

“ I bought this for a dear friend going through chemotherapy. She immediately started filling in dates and doctors. She uses it everyday and finds it very helpful and uplifting. ”

Patricia Culea

About the Owners

Sharon and Robert Kim are the brother-sister duo behind this small operation. After being caregivers for their mom who passed away from sarcoma cancer in 2014, they set out on a mission to give other fighters a chance to have a different end to their story. They've equipped over 12,000 patients with a CanPlan since they've launched their company in 2016.
